ATTEMPTS A DIVING
STUNT; IS INJURED
 Grant Mann, son of Judge E. A. Mann, has returned from Santa Fe, where he attended the New Mexico national guard encampment, as a member of Company G. While participating in the field maneuvers, Grant and several colleagues indulged in a larking program in a shallow stretch of ditch. In attempting to execute a fancy dive Grant struck a big boulder head first. He was rendered unconscious but was revived after first aid work and it is believed will not suffer permanent injuries.

WESTGARD ROAD MAP
OF U. S. PUBLISHED
 A. L. Westgard, vice president and director transcontinental highways of the National Highways association, whose work in behalf of the motor touring and good roads development has taken him into every nook and corner of the United States, and made him known all over the country as "The Man of Many Miles," has prepared a map of the United States showing the main traveled motor routes with special emphasis given to the transcontinental and other long distance highways. The map is 29 1/2 x 18 inches, engraved on wax, and is for free distribution to motorists in any part of the country. It may be procured from automobile clubs, or of the National Highways association, Washington, D. C., or by addressing Mr. A. L. Westgard at National Headquarters, 18 Old Slip, New York, if four cents in stamps to cover cost of mailing is enclosed with the request.
 With the Westgard map goes a map of the 50,000 miles of national highways advocated by the National Highways association, together with an explanation of the four fold system of highways also advocated by the association, namely, national highways, state highways, county and town or township roads.

ALBUQUERQUE IS SELECTED FOR CONVENTION
REGISTRATION AT UNIVERSITY TOMORROW

New Mexico Electrical Association to Meet Here February 14, 15 and 16, Decision of Executive Committee.

That Albuquerque is considered the logical place for New Mexico conventions has been demonstrated again, having been chosen for the annual convention of the New Mexico Electrical association, which will bring here between seventy-five and one hundred delegates on February 14, 15 and 16. The executive committee of the association, held in El Paso Saturday selected Albuquerque for the convention after several other New Mexico towns had been suggested. This city was chosen because of its geographical location, railway facilities and hotel accommodations.
 C. M. Einhart, manager of the Rowell Gas & Electric company, a member of the executive committee of the association, arrived here this morning from El Paso, and was the guest during the day of W. P. Soutard, manager of the Albuquerque Gas, Electric Light & Power company. Mr. Einhart expressed the opinion that a big attendance of electric light men of the state will be here for the convention, which will be held in the Alvarado hotel.

A. B. McMILLEN GOES TO LAWYER'S CONVENTION
 A. B. McMillen, accompanied by Mrs. McMillen, left Saturday night for Salt Lake City, Utah, to attend the meeting of the national bar association. After the convention Mr. and Mrs. McMillen will go on a tour of Yellowstone park.

Everything Ready on the Hill for Opening of Most Successful Year; Formal Opening Thursday Morning.

Registration of students at the University of New Mexico begins tomorrow morning, with the prospect that the opening day filling of students' names and credentials will be the largest in the history of the institution. Not only have all of the students who were expected, arrived or arranged to come within the next few days, but many who had not given the university authorities any previous notice of their intention to come here, have come or are sending in related requisitions for accommodations in dormitories and elsewhere. It is now quite certain that the opening enrollment will pass the two hundred mark. An opening meeting of the faculty is being held today.

The opening of the university will be accomplished without ceremony. Wednesday morning regular class work will begin as per the scheduled requirements and the only formality will be in the formal opening Thursday morning at 10 o'clock, when at the first assembly hour President David R. Boyd will deliver the opening address. Professor Seder of the department of music has arranged a brief but very attractive musical program for this occasion and the people of Albuquerque and the state are cordially invited to be present. A very efficient taxi and jitney service to the university will make attendance convenient. Dr. Boyd's opening address is looked forward to with exceptional interest.

Everything is ready on the campus for the opening tomorrow. During the summer the buildings have been thoroughly overhauled and repainted on the interior and some re-arrangement of class rooms has taken place. The main building has been altered and made more roomy. The grounds are in unusually attractive condition and the institution starts the new year with everything spick and span.

NO CHANCE FOR ALLISON AFTER SIXTH INNING

In one big inning the O. R. E. nine effectively and definitely squelched the Allison club yesterday, at Hopewell field. Score, 19 to 2. The nine champions had a look-in until the sixth, but in that inning the railroaders fell on Brown, the latter's support blew into fragments at the wrong times, and the net result was six runs for the O. R. E.
 The Albuquerqueans didn't score any after that, but neither did Allison. Hartline pitched for the railroaders.
